## THE COLLECTION **EVANESCENCE®**

Evanescence® is an invitation to transform your relaxation space into an elegant sanctuary dedicated to your well-being.

This collection of freestanding bathtubs boasts sleek, pure, organic lines that reveal a vast interior bathing space where you can immerse yourself—one or two bathers—to experience the full benefits of our sophisticated therapies.

The uncluttered simplicity and form of the tub interior allows for a comfortable bathing experience, with room to move freely and immerse yourself fully.

Surrender to the soothing caress of water.

## IMMERSE YOURSELF IN SERENITY

The inner shell boasts a generous, sleekly designed space where you can comfortably recline.

Each backrest supports the head and nape of the neck, providing uniform heat all along the spine.

The bath's thin concave walls and interior space were designed to facilitate access to the bath.

Relax completely in peace and serenity.

## THERAPIES

# MULTIPLE BENEFITS

With the Thermomasseur® air jet system, the Evanescence offers all the therapeutic benefits of Hydro-thermo massage® (relaxes body and mind, relieves back pain, stimulates blood flow, and eliminates toxins).

Geysair® hot air system further enhances the benefits of Hydro-thermo massage while providing a feeling of uniform heat, improving lymphatic drainage, and maintaining water temperature for a longer period.

On both the Thermomasseur and Tub baths you can select optional therapies such as **Illuzio chromatherapy** with soothing colored lights and **thermotherapy** with the **WarmTouchShell®** technology featuring heating zones built into the bath's inner shell.

Also optional, the **AromaFlow** essential oil diffuser combines the benefits of **aromatherapy** while being elegantly included into the bathtub's integrated overflow. Easy-to-use seamless design, the AromaFlow offers a beautiful and therapeutic way to enjoy essential oils with your BainUltra bathtub.

All of BainUltra's signature therapies can help the bather further in discovering their own inner balance and living a life of serenity.

# THE COLLECTION

EVANESCENCE FREESTANDING BATHS are available in TWO CATEGORIES with the full spectrum of luxurious therapy options:

- THERMOMASSEUR® air jet system with a heated backrest and Geysair® hot air system;
- TUB to which can be added the WarmTouchShell® heating zones.

EVANESCENCE BATHS are designed using a process that gives them a seamless appearance. Made exclusively of acrylic, these bathtubs offer unparalleled quality and a beautiful finish that's made to last.
