BainUltra's **SCALA** 7242 therapeutic bath is available in the THERMOMASSEUR category as well as a TUB to which you can add chromatherapy (Illuzio) and ThermoTherapy.

The **SCALA** 7242 freestanding bath is designed using a process that gives it a seamless appearance. Made exclusively of acrylic, BainUltra baths offer unparalleled quality and a beautiful finish that is made to last.

The SCALA™ collection

- The metal feet and the integrated waste and overflow are offered in a variety of finishes.
- The armrests are available as an **option** in a variety of finishes.
- Freestanding or wall-mounted faucet required.
- The turbine should be installed away from the tub (max. 15').
- L'Aromacloud® is not available on the **SCALA** 7242.

ILLUZIO:

New Chromatherapy system made of 6 LED lights that are cleverly tucked away inside the structure of the bath so they are invisible when the system is not in operation. When activated the lights glow beautifully through the acrylic shell, thus providing the bather with all the well-known chromatherapy therapeutic benefits.

Choice of finishes for the metal feet, the integrated waste & overflow and the armrests

Scala™

SCALA™, a new collection of bathtubs with luxurious, modern design and classic elegance. This freestanding bathtub has an aesthetic refinement that translates into a contemporary version of the Rococo style bathtub on lion's feet. The name Scala was inspired by the "Teatro alla Scala", the 200+ year old famous opera house in Milan. As the audiences of the theater reveled in inspiring performances, so too will bathing in the Scala take you away to a world of refined and soothing luxury.

The spirit of this collection reveals a sophisticated style through the harmony of its curves, an extension of the outer shell on metal feet and wider front and rear decks. In addition, metal armrests available in different colors match perfectly to the feet.

Slide into a **SCALA 7242** and enjoy a wider more comfortable seat and backrest as well as integrated headrests to fully cherish moments of well-being and relaxation.

THERAPIES

Multiple benefits

Available in the Thermomasseur® category, Scala offers all the therapeutic benefits of Hydro-thermo massage®: general relaxation of body and mind, relief of back pain, stimulation of blood circulation, elimination of toxins. Benefits are also amplified with Geysair® technology. This gives among other things a sensation of uniform and constant heat and a better lymphatic drainage.

Complementary therapies also allow the bather to regain his vitality thanks to the vibrations of the colors on the senses with the chromatherapy (Illuzio), the effect of the heat on the body which Thermotherapy® (WarmTouchShell®) provides and the addition of essential oils to the bath water.
