THERAPIES

Multiple benefits

Available in the ThermoMasseur® category, Nokori offers all the therapeutic benefits of Hydro-thermo massage®—relaxes body and mind, relieves back pain, stimulates blood flow, and eliminates toxins.

Geysair™ technology is also available for this collection. Geysair further enhances the benefits of Hydro-thermo massage while providing a feeling of uniform heat, improving lymphatic drainage, and maintaining water temperature for a longer period.

Nokori also offers chromatherapy, and Thermotherapy®. Reconnect with your vital energy and savor pure relaxation thanks to the beneficial effect of color vibrations on the senses.

In the Nokori collection, aromatherapy can be used by adding essential oils directly to the bath water, where they deliver their many benefits.
